Subject: Application (#7235) fully approved

Dear Aleksandra Cichocka,

Congratulations! Your application: **"National identity and mobility during the pandemic - ICSMP"** has been fully approved by the review committee panel with an Ethics ID of **202116246212477235**. The application will expire and may require renewing at this date: **25-06-23**

Comments in relation to your application from the panel can be found below:

Chair approval feedback

This is all in good order, so happy to approve. The reasons for not requiring consent or debrief forms are explained clearly and are justified as the study is analysing freely available and anonymised data.

No comments available.

You can view your application at any time via the link below:
